Indo-Japan cooperation

LUDHIANA: With the visit of 12-member strong rubber industry delegation to Japan, the business ties between the two countries in the field of rubber have received the much needed boost. During the visit, AIRIA delegation had detailed meetings with Japanese counterpart-Japan Rubber Manufacturers Association (JRMA). The delegation also met The Society of Rubber Science and Technology Japan (SRST), Japan Automobile Tyre Manufacturers Association (JATMA), Manufacturers of Rubber Products and Rubber Machinery, Importers-Exporters of Rubber Products, Japan Chambers of Commerce, Raw Material suppliers, R&D Centres, testing equipment manufacturers and end-users. "During the meetings, delegation members were able to have first-hand understanding of famed Japanese

technology, business prospects, techniques and the information about the rubber industry scenario in Japan," said Mohinder Gupta, president, AIRIA. DP
