

Kerala floods: Production at 2 Apollo Tyres plants hit

APOLLO TYRES on Monday said production at its two plants in Kerala has been disrupted due to the floods in the state. Production operations of the company's plants located at Perambra and Kalamassery, Kerala have been disrupted due to the floods, Apollo Tyres said in a BSE filing. "The production loss due to this natural calamity is 1,500 MT (approximately) till today. However, consequential loss of profit is not significant," it added. The company produces commercial vehicle tyres and off-highway tyres at the two plants.
