

# SUPERCHARGING THE RUBBER INDUSTRY

**12<sup>TH</sup> NATIONAL  
RUBBER CONFERENCE**

**SUPERCHARGING  
THE RUBBER INDUSTRY**

**AUGUST 7<sup>th</sup> and 8<sup>th</sup>, 2025**

**FEATHERS: A RADHA HOTEL,  
MANAPAKKAM, CHENNAI.**

# About AIRIA and NRC

The All India Rubber Industries Association (AIRIA) is India's leading trade body for the Molded Rubber component manufacturing sector, with over 1,400 member companies and offices across all four regions: North, South, East, West.

AIRIA is the voice of India's rubber MSMEs, committed to driving innovation, sustainability, and competitiveness.

## AIRIA: Strategic Support for Moulded Rubber Manufacturers

### Policy Advocacy

Actively engaged with **DPIIT, MSME, DGFT**, and MoC on Import surge concerns, Free trade agreements, GST uniformity & inverted duty structure, Pre-budget proposals and BIS standards.

### Skill Development

Collaborations with **IRMRA** and **IIT Kharagpur** offer hands-on training in compounding, testing, quality control, and process optimization.

### Export Enablement

Platforms like **India Rubber Expo & Reverse Buyer-Seller meets** have unlocked new global opportunities for moulded rubber MSMEs.

### Domestic Recognition

Annual awards recognize excellence among peers in both domestic and export manufacturing across various categories, aiming to inspire and motivate continued achievement.

## And Much More!!

# Welcome Note & about NRC

The All-India Rubber Industries Association (AIRIA) proudly presents the 12th edition of the National Rubber Conference (NRC) a premier event exclusively focused on India's molded rubber component manufacturers.

Set in Chennai, one of India's industrial powerhouses, NRC 2025 will explore the sector's transformation under the theme: **"Supercharging the Rubber Industry"**

This year's conference is your launchpad to scale, innovate, and collaborate in a time when global OEMs like Apple, Tesla, VinFast, Foxconn, and all the domestic OEMs are deepening their presence in India.

Organised by AIRIA – Southern Region, NRC 2025 blends technical learning, market insights, and strategic networking to empower rubber MSMEs for global relevance.

Building on the success of past editions, this landmark event offers cutting-edge insights, 10+ technical papers, high-impact panel discussions, and unmatched networking opportunities. Whether you're a manufacturer, technologist, trader, or R&D professional, NRC 2025 is your gateway to the latest trends, technologies, and business strategies shaping the future of the molded rubber manufacturing sector. Be there to lead, learn, and grow with over 200+ key stakeholders.

# Key Conference Themes & Topics

Topic	Benefit for Delegates
 The Journey of an MSME – From Humble Beginnings to Multinational	Real-world growth strategies and inspiration from successful peers; learn how to scale and integrate globally.
 The Science of Dies & Moulds Technology – Steel to Coating	Enhances product quality and tool life; learn how to reduce costs and meet OEM precision standards.
 Fire Retardancy in Rubber Compounds – Requirements & Testing	Understand compliance with BIS, UL, and global norms; unlock entry into regulated, high-margin sectors.
 FKM Compounding – Recent Advancements	Tap into profitable sectors like EVs and aerospace with advanced material knowledge and cost-efficient blends.
 Elastomers in Aviation – An Insight	Discover material specs and certifications needed for entry into India's growing aerospace and defence sectors.
 Manoeuvring Geopolitics – An Indian Economy Perspective	Learn to navigate global volatility, diversify risk, and align with shifting supply chains and OEM strategies.

And that's not all — many more sessions will be added, each carefully curated to address the evolving needs of professionals in the rubber moulded component manufacturing sector.

**Expect insightful topics covering the latest in technology, raw materials, machinery, and business strategies — all designed to deliver maximum relevance and value to every stakeholder.**

# Why Attend NRC 2025?

- Tailored Learning: Industry-curated content for moulded rubber component manufacturers
- Strategic Networking: Meet OEM buyers, plant heads, rubber technologists, policy leaders, and traders
- Vendor Pavilion: Discover tooling, testing, software, finance, and compliance services
- A Complete Experience: Networking, Dining, and Entertainment

Beyond insightful sessions, NRC offers a vibrant, relaxed environment where meaningful connections thrive.

- **Day 1 Networking Dinner**

Unwind after a packed day of knowledge-sharing with a lively networking dinner. Enjoy informal conversations with fellow delegates in a relaxed setting, complemented by engaging entertainment.

- **Tea and Lunch on Both Days**

Make the most of dedicated tea and lunch breaks—perfect moments to interact, exchange ideas, and strengthen professional relationships in a casual atmosphere.

## ORGANISING TEAM

### National Team

Mr. Shashi Kumar Singh (President-AIRIA)  
Mr. Anay Gupta (Sr. Vice-President-AIRIA)  
Mr. K. Ganesh (Vice-President-AIRIA)

### Regional Team

Shri Raja Annamalai M (Convener)  
Shri Ankit Jain (Chairman)  
Shri Manmeet Chadha (vice Chairman)  
Shri Chandramouli Suresh (vice Chairman)  
Shri T.R. Senthil (vice Chairman)

### Advisors

Shri K Srikanth  
Shri N Rajagopal  
Shri R Ramachandran  
Dr Matthan R K  
Shri Raghuram

### Sponsorship

Shri K Ganesh  
Shri V.T. Chandrasekaran  
Shri Divyesh Jain  
Shri Ananthu Narayan  
Shri Manmeet Singh chaddha  
Shri Karan Joshi  
Shri Joseph Bennet Soris

### Event Team

Shri Bhagirath Saisankar  
Shri R Karthik  
Shri Manmeet Singh chaddha  
Shri M Karthikeyan

### Delegate Registration

Shri Ananthu Narayan  
Shri Mouinullah Khan  
Shri T R Senthil  
Shri N Sridhar  
Shri Manmeet Singh Chaddha  
Shri Karan Joshi

### Paper Committee

Shri Mr Ankit Jain  
Shri R Karthik  
Shri Raja Annamalai M  
Shri T R Senthil  
Shri Chandramouli Suresh  
Dr J Thavamani  
Shri Palaninathan E
