Cover Story

Properties and Manufacturing

Technology of Butyl Rubber

Technologists, when talk about butyl rubber, they invariably point out their fingers towards pneumatic tyres because almost 85% butyl uses in India, are in tyres with respect to tyre inner-liner, tyre inner-tube, application in tyre sidewall, tyre curing bladder, tyre curing air bags and tyre curing envelopes.

82

Tech Update

Silicone rubber

for cables: Safety and Reliability!

The Wire and Cable manufacturers have looked at various technical options, and for safety cables silicones have become the material of choice, when compared to conventional organic elastomers: they bring high-performance.

84

Industry Update

SIAM, CII urge Govt to hold wider consultations, follow practical approach on electric vehicles

"However, the ambition needs to be tempered with a practical approach and what is possible without needlessly disrupting the automotive industry," Wadhwa cautioned. He said as per media reports, the government is proposing to ban sales of ICE based three-wheelers and less than 150 cc two-wheelers in 5-6 years.
