20 List of New Members – AIRIA

21 AIRIA News

A round-up of the various activities conducted by the All India Rubber Industries Association.

26 National News

34 International News

46 Feature

### Chinese Tyre Makers on a Rough Road

According to a report by Jane Ho published in the European Rubber Journal, the year 2017 marked another tough year for Chinese tyre makers.

48 Industry Report

### Composites Quicken the Pace

Automotive composites market to be worth USD 13.14 billion by 2022, reports Markets and Markets.

50 Feature

### Better Beds in the Offing

Sarah Houlton from Urethanes Technology International reports that the bed-in-a-box mattress market is expanding thanks to the experimentation being done with rubber foam.

60 Feature

### Rubber for Transportation and Tyres

Hexpol offers a variety of materials for the transportation and tyre industries. An update.

64 Industry Report

### Big Time for Heat Exchangers

Heat exchangers market may cross USD 22.59 billion by 2023.

## 66 Feature

### Leveraging the Human Factor

Human resource management expert Dattatraya Ambulkar focuses on how companies are changing policies related to employees in tune with the changing times.

## 68 Feature

### Hard, Soft and Life Skills

Dr Sushil P Kandalgaonkar, Director and Advisor at Bodhisattva Learning (P) Ltd., shows why it is important to develop and nurture life skills along with professional expertise to be able to make a success of both business and life.

## 76 Feature

### Unravelling the Patent Puzzle

Manufacturers are often tempted to innovate and launch new products or new processes. But for most of them, patenting becomes an issue due to lack of awareness. However, any invention can be patented. And as Parimal Kowtal points out in this article, a patent is granted if the invention satisfies the criteria of novelty, utility or inventive step.

## 78 State Focus

### Karnataka Industry Takes Giant Steps

With inputs from the official website of the Government of Karnataka, Rubber India compiles a report about the industrial health of Karnataka and provides reasons for its consistent growth over the years.

## 88 Cover Story

### All About Hoses

Hoses make for essential, and sometimes critical, equipment for the transport of liquids, gases, steam and semi-solids, among other products, and there is a wide variety of hoses made for such specific uses. Dr. Samir Majumdar provides an overall picture of the kinds of hoses manufactured and the processes involved in their making.

## 87 Industry Report

### Industrial Wastes to Drive Demand for Tubular Membranes

Tubular membranes market to be worth USD 1,056.2 million by 2023.

## 100 New Products

## 105 Industry Report

### Tracing the Global Metalworking Fluid Market

According to a report by Ahlam Rais, Asia Pacific is the most important market for the metalworking fluids industry.

## 107 Feature

### Raising the Quality Bar

How does a company achieve zero defects as a part of its quality transformation process? Rahul Darshane, CEO and founder of Quadrant Innovative Learning and Consulting LLP, provides some guidelines.

## 109 Legal

### Data Protection: The New Spin

Ravindra Benday, Managing Director and CEO of Benelec Infotech (P) Ltd. throws light on what the European Union General Data Protection Regulation (GDPR) implies and what it means for the Indian industry.

## 112 Innovation

### Tapping the Sun

Mukesh Malhotra narrates his experience of harnessing solar energy for his company Weikfield Products Corporation and how this has led to tremendous savings in consumption of electricity and labour. It's a case study that manufacturers in the rubber industry would do well to emulate.

## 115 Events and Exhibitions

An update on various trade exhibitions related to the rubber industry.
